

About crkennedyfootball.com

This website was created by donations of money and time, on a volunteer basis. We tried to include the important stuff: the current players, schedule, and news about the program. Some player photos are missing because they weren't available on picture day, but we're working on adding those soon. Then we tried to include the history of the program. A huge thanks to former Coach Tim Lewis for providing the history book to us. We loaded 49 years of history into the site in less than two months' time. We were at the mercy of the history books, many scores, stats, and records were missing. We're working on finding the missing information and will load that onto the site soon. If you are an alumni, or have information about missing items, please help us by sending that to us. We're looking for team photos and stats. Anything you have can be sent to Kennedy Football Support Group President Jeff McGuire at jmac25@mchsi.com. Thanks for your patience and understanding, we certainly didn't intentionally omit anything.
